Portsmouth have signed winger Glen Little from Championship side Reading on a one-year deal. Little is Pompey's first... signing of the close season and turned down the offer of a new contract at the Madejski Stadium in favour of Fratton Park.

The 32-year-old made only two appearances after an Achilles injury last season.

He spent four seasons at Reading after joining on a free transfer from Burnley in 2004.

Little had previously spent time on loan with the Royals in 2003, and then had a spell at Bolton.
